

FAQ Student Checklist

Boone County Schools Mental Health Coalition

1. What does the checklist ask students to report on?
 - The checklist asks students to report on their relationships with peers, social skills, problem-solving, organizational skills, and how they cope when their upset.
2. How long will the checklist take students to complete?
 - The checklist takes only 10-15 minutes and will not interfere with academic instruction.
3. What is the purpose of the student checklist?
 - It will help our school determine where students need some additional help in building strong social and emotional skills.
4. What information comes from the student checklist?
 - The information will be combined at the school level. This will allow us to see if there are areas where we need to improve supports for all students. We will also be able to determine if individual students need additional supports. Parents will be involved if there are any concerns about a child.
5. How will this information be stored?
 - The student checklist is completed online and these data are encrypted and stored on a highly secure server so that no one outside the Coalition will have access to it.
6. As a parent can I have access to my student's information?

- If your child reports that they are struggling in an area (e.g., having problems making friends) you will be contacted by the school to let you know that we will be working to help your child and include you in determining how best we can do that.

7. Can I view the checklist questions?

- Yes, the Student Checklist Questions can be viewed upon request. Please contact _____ if you would like to review the survey.

8. Can I opt my student out from participating in the checklist survey?

- Yes, if you wish for your student to opt out of the student checklist, please do not hesitate to contact your child's building Principal.
